AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

The City of South Bend, Indiana is an entitlement community under the U.S. Department of Housing & Urban Development's (HUD) Community Development Block Grant (CDBG) Program and Emergency Solutions Grant (ESG) Program. The City of South Bend is the Participating Jurisdiction (PJ) of the St. Joseph County Housing Consortium. In compliance with HUD regulations, the City of South Bend has prepared this Program Year 2021 Action Plan for the period of January 1, 2021 through December 31, 2021. This plan is a strategic plan for the implementation of the Consortium's HOME Program for affordable housing within St. Joseph County and the City's CDBG and ESG Programs for housing, community and economic development, emergency shelter, and rapid rehousing within the City of South Bend.

The 2021 Action Plan is the second year of the 2020-2024 Five Year Consolidated Plan. The five-year plan establishes goals and outlines specific initiatives the City and the Consortium will undertake to address needs and priority objectives. This will be accomplished by promoting: the rehabilitation and construction of decent, safe, sanitary, and affordable housing; creating a suitable living environment; removing slums and blighting conditions; affirmatively furthering fair housing; improving public services; expanding economic opportunities; and principally benefitting low- and moderate-income persons.

This Action Plan is a collaborative effort of the St. Joseph County Housing Consortium, the City of South Bend, the community at large, social service agencies, housing providers, community development agencies, economic development groups, and other stakeholders. The planning process was accomplished through public meetings, stakeholder discussions, statistical data, and review of the City's Comprehensive Plan and other community plans.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City of South Bend has a good performance record with HUD. The City regularly meets the performance standards established by HUD. Each year the City prepares its Consolidated Annual Performance and Evaluation Report (CAPER). This report is submitted within ninety (90) days after the start of the new program year. Copies of the CAPER are available for review at the City of South Bend's Community Investment office and online at the City's website.

The FY 2019 CAPER, which was the fifth CAPER for the FY 2015-2019 Five-Year Consolidated Plan, was approved by HUD in a letter dated May 8, 2019. In the FY 2019 CAPER, the City of South Bend expended 96.77% of its CDBG funds to benefit low- and moderate-income persons. The City expended 14.47% of its funds during the FY 2019 CAPER period on public service, which is below the statutory maximum of 15%. The City's drawdown ratio was 1.36 as of November 2, 2019. This was within HUD's timeliness limit of a drawdown ratio of 1.5.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The City of South Bend has followed its Citizen Participation Plan in the planning and preparation of the 2021 Action Plan. The City of South Bend and St. Joseph County Housing Consortium held its first public hearing on the needs of the community and its residents on April 23, 2019. This provided residents, agencies, and organizations with the opportunity to discuss the City's CDBG, HOME, and ESG programs and to provide suggestions for future CDBG, HOME, and ESG Program priorities and activities.

A display ad was published October 2, 2020 in the South Bend Tribune, the local newspaper with highest circulation, to notify the public that copies of the draft 2021 Action Plan were available for review. In addition, notification of the availability of the draft 2021 Action plan was published on El Puente's website, the local Spanish language news source. The draft 2021 Action Plan was on public display at the following locations:

- The St. Joseph County Public Library (all branches)
- Mishawaka Public Library (all branches)
- Walkerton Public Library
- New Carlisle-Olive Township Public Library
- City of South Bend Department of Community Investment
- City of South Bend Office of the Clerk
- City of Mishawaka Planning Department

The City of South Bend updated its Citizen Participation Plan to include provisions for public display and public comment during a declaration of a state of emergency by the Governor of Indiana. These provisions shortened display periods for plans and substantial amendments to 5 days, allowed for virtual public meetings, and the requirement that plans be emailed to any resident that requests them.

A more detailed analysis and description of the citizen participation process is contained in Section PR-15 Citizen Participation.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

The City of South Bend and St. Joseph County Housing Consortium held Public Hearings on Tuesday, April 23, 2019 at 2:30 PM and 5:30 PM. Comments received at the public hearings are included in the attachments at the end of the Five Year Plan.

A second Public Hearing is scheduled for October 13, 2020 to receive comments from the public on the draft 2021 Action Plan. Comments received at the second Public Hearing will be incorporated into the final 2021 Action Plan.

6. Summary of comments or views not accepted and the reasons for not accepting them

All comments and suggestions received to date have been accepted and incorporated into the draft planning document.

7. Summary

The City of South Bend followed its Citizen Participation Plan by providing residents and stakeholders with the opportunity to participate in the planning process. The St. Joseph County Housing Consortium prepared and developed a thorough and comprehensive draft 2021 Action Plan based on the input received to date.

A substantial amendment prompting application of the City's citizen participation process, including public notice and comment periods, will apply when any of the following changes are made to this Plan:

1. Modifications to the budgets of existing planned activities that exceed 28 percent of the total grant budget - this includes reallocations of anticipated funding among existing planned activities and initial allocations of unanticipated receipts (e.g. program income, returned funds, or supplemental federal allocations) to existing planned activities;
2. Addition of an activity not previously part of this Plan; or
3. Change of the planned end-use of a site assisted under this Plan.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

The City of South Bend and the St. Joseph County Housing Consortium held meetings with non-profits, social service agencies, community and economic development organizations, the local Region 2.a Planning Council of the Balance of State, City department representatives, and St. Joseph County department representatives. The goal of the meetings was to identify needs, gaps in the system, and programmatic goals for Program Year 2021. Input from the meetings and surveys were used in the development of specific strategies and priorities for the draft Action Plan.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

The City of South Bend and the St. Joseph County Housing Consortium work with the following agencies to enhance coordination:

- **The Housing Authority of South Bend** – Improvements to public housing communities.
- **Social Services Agencies** – funds to improve services to low and moderate income persons.
- **Housing Providers** – funds to rehabilitate and develop affordable housing and provide housing opportunities for low- and moderate-income households.
- **Community and Economic Development Agencies** – funds to improve services to low and moderate income persons, and workforce development.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Indiana Balance of State Continuum of Care (CoC) addresses the needs of homeless persons and persons at risk of becoming homeless. St. Joseph County is a separate region within the Balance of State CoC that encompasses only St. Joseph County. The region has utilized Coordinated Entry since January of 2018 to determine the needs of homeless individuals and families and offer housing programs best suited to their needs. Persons who are homeless or at-risk of becoming homeless are evaluated using the Vulnerability Index – Service Prioritization Decision Assistance Tool (VI-SPDAT) and placed in appropriate housing as available. In addition to the VI-SPDAT's prioritization metrics, the Region 2.a. Planning Council chose to also prioritize veterans and domestic violence survivors. Placement rates of homeless individuals and families in St. Joseph County have increased since the adoption of Coordinated Entry.

The Point-In-Time Count for sheltered and unsheltered homeless persons is completed on a designated date once a year, in the month of January. The results of the statewide counts are available to the public on the Indiana Balance of State CoC website (<https://www.in.gov/ihcda/4145.htm>).

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

ESG – The Center for the Homeless, the YWCA, Youth Service Bureau, AIDS Ministries/AIDS Assist, and Life Treatment Centers receive ESG funds through the City of South Bend. The Department of Community Investment issues an RFP for ESG-funded projects on behalf of the City. The process is competitive and seeks projects that provide emergency shelter, essential services, and/or rapid re-housing for the homeless.

Develop Performance Standards and Evaluate Outcomes – The Indiana Balance of State CoC's written standards focus on a "Housing First Model" and follow the best practices of that model. The written standards utilize several strategies to increase the number of people who exit Emergency Shelter, Transitional Housing, and Rapid Re-housing into Permanent Housing. Evaluations of these standards will be based on the length-of-time of being homeless and measures the amount of time an individual or family resides in emergency shelter, transitional housing, or rapid re-housing. The CoC seeks to make progress on preventing evictions, targeting individuals and families based on risk, and influencing housing developers in the area to create Permanent Supportive Housing.

HMIS – The Indiana Balance of State CoC and the HMIS Lead work together to assess data quality. This includes working on the Annual Homeless Assessment Report (AHAR), the Point-In-Time (PIT) count, project reviews/ranking, and working with programs for individuals, while completing their Annual Performance Reports (APRs). The system ensures data quality by requiring many of the universal data elements upon enrolling a participant into a program. Additionally, the system has an alert system with exit date reminders. The work flow of data entry has been updated to improve data quality. The HMIS Lead supports users by staffing a Help Desk and providing training opportunities. Agency users are able to run self-reports to assess their program's data quality. ESG subrecipients are required to use the HMIS system unless they are victim services providers. CoC-funded organizations are motivated to provide good data quality because the Indiana Balance of State CoC has moved toward a data-driven project review and ranking system. Projects with poor data quality are more likely to show poor outcomes, impacting their funding.

AP-12 Participation - 91.401, 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

The City of South Bend (in its PJ role with the St. Joseph County Housing Consortium) has followed its adopted Citizens Participation Plan to develop this Annual Action Plan.

The FY 2020-2024 Consolidated Plan and FY 2021 Annual Action Plan have components that require and encourage citizen participation. These components are the following: discussions with various stakeholders; a public needs hearing; and a public hearing to gather comments on the draft plan on public display. Through input obtained through the citizen participation process, the Housing Consortium develops the Annual Action Plan to best serve low- and moderate-income households and to attain the goals set forth in the Five-Year Consolidated Plan.

The City of South Bend updated its Citizen Participation Plan to include provisions for public display and public comment during a declaration of a state of emergency by the Governor of Indiana. These provisions shortened display periods for plans and substantial amendments to five (5) days, allowed for virtual public hearings and meetings, and stipulated that plans be emailed to all residents that request them.

In 2021, South Bend will continue targeting the Near Northwest, Near West Side, and Southeast Neighborhoods through partnerships with three CDCs. These areas show relatively low incomes and high concentrations of poverty, high rates of residential vacancy and abandonment, and a high incidence of sub-prime loans. The target areas were also selected for review in the City 2017 Analysis of Residential Market Potential. These are neighborhoods that are seeing increased redevelopment activity and have greater market potential.

Table 2 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

In addition to the entitlement funds, the St. Joseph County Housing Consortium and the City of South Bend anticipate the following Federal resources may be available to local non-profit organizations to undertake the housing strategies identified in the Five Year Consolidated Plan.

- Supportive Housing Program
- Low-Income Housing Tax Credit Program (LIHTC)
- Section 8 Rental Assistance Program
- Public Housing Capital Fund Program

Private and non-Federal resources that may be available to the St. Joseph County Housing Consortium and the City of South Bend in FY 2021 to address needs identified in the FY 2020-2024 Five Year Consolidated Plan are listed below.

- **Private Banks & Credit Unions** – The City partnership with local banks and credit unions to operate the Community Homebuyers Corporation. This program leverages private equity to assist low- and moderate-income individuals to purchase houses in which they may not be able to obtain a traditional mortgage.
- **Indiana Housing & Community Development Authority** – The IHDCA runs programs that assist individuals with first time homeownership and other housing purchases by providing funding for Veterans, rent-to-own, mortgage credits, and homebuyer subsidies.
- **Department of Health & Human Services** – Through the Family & Youth Service Bureau, the City of South Bend has leveraged funds through the Runaway and Homeless Youth Program to support street outreach, emergency shelters, longer-term transitional living, and maternity group home programs to serve and protect young people.
- **Federal Home Loan Bank Affordable Housing Program (AHP)** – Congress has mandated that ten (10%) of the Federal Home Loan Bank's (FHLB) profits be allocated to provide affordable housing. The FHLB encourages its members to work with public agencies and non-profit housing development organizations in creating highly leveraged affordable housing initiatives. Both sales and rental housing are eligible. Two (2) member banks of the Community Homebuyers Corporation are also member banks of the Federal Home Loan Bank.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Vacant City-owned lots targeted for infill housing in CDBG target areas, as well as low-moderate income neighborhoods throughout the City may be used to address identified needs.

Discussion

- DCI CDBG Activity Delivery was reduced; and
- ESG Emergency Shelter activity was reduced.

The St. Joseph County Housing Consortium will not receive the anticipated amount of HOME funding, therefore the following adjustments were made:

- DCI HOME Administration activity was reduced; and

Geographic Distribution

Target Area	Percentage of Funds
Low- and Moderate-Income Areas	80

Table 5 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The City of South Bend will allocate its CDBG funds to those geographic areas whose residents are above the 51% low- and moderate-income rate. At least 70% of all the City's CDBG funds that are budgeted for activities will principally benefit low- and moderate-income persons. The following guidelines for allocating CDBG and HOME funds were used by the City for the FY 2021 Program Year:

- The public services activities are for social service organizations whose clientele are considered lower income or in certain cases, a limited clientele with a presumed low- and moderate-income status.
- The public facilities activities are either located in a low- and moderate-income census tract/block group, have a low- and moderate-income service area benefit, or have clientele over 51% low- and moderate-income.
- The housing activities have income eligibility criteria; therefore, the income requirement limits funds to low- and moderate-income households throughout the City.

The proposed Activities/Projects under the FY 2021 CDBG and HOME Program Year are located in areas with the highest percentages of low- to moderate-income persons and those block groups with a percentage of minority persons above the average for the City of South Bend.

The HOME funds will be used for administration and for housing projects. These funds will be targeted to low-income persons and projects designed to provide affordable housing to low-moderate income persons and are usually located in low- and moderate-income areas. In addition, HOME funds will provide tenant-based rental assistance to Extremely Low Income clients of Oaklawn Psychiatric Center.

The ESG funds will be used for emergency shelter, rapid re-housing, and administration. Funding will also be used for operating expenses and essential services for homeless individuals and organizations that serve the homeless. The disbursement is based on need of each shelter or agency, not by

geographic area.

Discussion

The City is allocating its CDBG funds to areas or projects/activities which predominantly benefit low- and moderate-income persons to rehabilitate or construct new housing for low- and moderate-income households; and to projects/activities that benefit the low- and moderate-income population.

AP-60 Public Housing - 91.420, 91.220(h)

Introduction

According to their Five Year and Annual Plan for 2018-2022, the Housing Authority of South Bend's progress in meeting their mission and goals states that HASB will attain and maintain high performer status in both of its housing programs. The HASB has struggled to form Resident Councils and Resident Advisory Boards. The Housing Authority of South Bend has strategized recruiting more Section 8 Housing Choice landlords. Demand among public housing residents for Section 8 Housing Choice Vouchers has increased.

The Housing Authority of South Bend has the following units:

- Monroe Plaza – 91 units
- Rabbi Albert M. Shulman Complex – 127 units
- Laurel Court – 42 units
- South Bend Ave – 20 units
- LaSalle Landing – 24 units
- WestScott/Quads – 179 units
- Harber Homes – 54 units
- Edison and Twyckenham – 38 units
- Scattered Sites – 239 units

Total – 814 units

There are sixty-two (62) units that are considered accessible in the Housing Authority of South Bend's public housing inventory.

The Housing Authority of South Bend administers 2,021 Section 8 Housing Choice Vouchers as of April 22, 2019. A total of 1,937 of these vouchers are living in Section 8 Housing. Demand for a quality Section 8 Housing rental exceeds the supply of decent, affordable rental units. Section 8 Housing is currently at 95% occupancy. There were 1,489 families/individuals on the Housing Choice Voucher waiting list as of September 30, 2019 (the last waiting list available). The waiting list is currently closed.

Actions planned during the next year to address the needs to public housing

The Housing Authority of South Bend has organized its fourteen (14) developments of 326 buildings into four Asset Management Planning (AMP) units. HASB submitted its Five Year Plan Update for its FY 2018 through FY 2022 Public Housing Capital Fund Program Grant, along with its complete Five Year Plan on June 1, 2018. The Capital Fund Grant award for FY 2019 was \$2,215,480. The Housing Authority of South Bend has determined that the current housing is worth preserving and will not be converted to RAD. However, improvements are needed on all public housing properties, for which HASB plans to utilize its

Capital Fund.

The major work items for the Housing Authority of South Bend's properties are as follows: replacement of showers, furnaces, doors, exterior lighting, boilers, window blinds, ceiling panels, potable water tanks, roofs, retaining walls, air conditioners, and central air; addition of exterior lighting, gas line metering, security cameras, and automatic sprinkling; repairs of fencing, fire pumps, and retaining walls; landscaping; repaving parking lots; refurbishing elevator cabs and the day care; upgrading plumbing; painting units; and general rehab work.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The Housing Authority of South Bend currently has no resident councils. The Housing Authority has attempted to create them for five (5) years, but the councils cannot sustain themselves once the participation of Housing Authority officials ends. Participation in the Family Self-Sufficiency program is high. There are over 60 participants that are involved in the Family Self-Sufficiency program, which has a community service component and cultivates involvement in this regard.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The Housing Authority of South Bend is not designated as troubled. Not applicable.

Discussion

The Housing Authority of South Bend will continue to modernize its public housing properties and encourage new landlords to participate in the Section 8 Program and modernize rental housing to meet Federal code standards.

AP-65 Homeless and Other Special Needs Activities - 91.420, 91.220(i)

Introduction

The Five Year Consolidated Plan is to serve as a consolidated planning document, an application, and a strategic plan for the City South Bend, IN. The following goals and objective for the City of South Bend's Homeless Strategy have been identified for the five year period of FY 2020 through FY 2024.

- **HOM-1 Housing** - Promote and assist in developing housing opportunities for persons and families experiencing homelessness, and those who are at-risk of becoming homeless.
- **HOM-2 Operations/Support** - Promote and assist in program support services for the homeless.
- **HOM-3 Homeless Prevention** - Promote and assist in anti-eviction and prevention of unfair housing practices which may contribute to homelessness.
- **HOM-4 Permanent Supportive Housing** - Promote and assist in the development and supportive service provisions of permanent supportive housing options.
- **HOM-5 Shelter Housing** - Support and assist in the development and operations of shelters for persons who are homeless or victims of domestic violence.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Prior to joining the IN Balance of State the St. Joseph County CoC, now the Region 2a Planning Council, voted to support the requirement of Coordinated Entry for all providers serving the homeless and adopted the use of the VI-SPDAT as an assessment tool. The Point In Time Count for St. Joseph County in 2019 reported a total of 413 homeless individuals and 325 homeless households. Of these, only 15 persons, or 3.6%, were unsheltered. There were 180 persons in transitional housing, and 218 persons that were housed in emergency shelter. There were 56 homeless and 4 chronically homeless families with children. There were 19 unaccompanied youths that were homeless in 2018. Of the 413 homeless individuals reported, 65 (15.7%) were considered chronically homeless. There were 33 homeless Veterans, and five (5) of the homeless Veterans was considered chronically homeless. This indicates a need for greater outreach and shelter/housing options for these special needs groups.

Families with children – The Point In Time count for 2018 reported 41 homeless households with children in St. Joseph County, for a total of 129 persons. Numbers were higher in 2019 at 56 homeless households and 137 persons.

Veterans and their families – The Center for the Homeless has a Veterans Annex that specifically serves homeless Veterans in the region. Homeless Veterans often require additional services, with mental health services being the most commonly cited need. The number of homeless Veterans in St. Joseph

County has decreased from 51 in 2018 to 33 in 2019.

Unaccompanied youth – Teens aging out of foster care, and young adults in the 18-24 transition stage can be hard to locate. Many of them are staying with friends and family temporarily, but are technically homeless. Unaccompanied youth may also move between different shelters. There were 27 unaccompanied youth counted in the 2018 Point In Time count, and 19 unaccompanied youth counted in 2019 for St. Joseph County.

Organizations that received CoC funding in St. Joseph County have adopted Coordinated Entry to better evaluate the needs of homeless individuals seeking services. Weather Amnesty Days has created an opportunity for providers to communicate with the homeless, through service providers that do not have their own resources to create events. It was assumed that a Gateway Center would provide a centralized location for outreach, intake and assessment of the homeless in the region.

Addressing the emergency shelter and transitional housing needs of homeless persons

The Point In Time count for 2018 reported 41 homeless households with children in St. Joseph County, for a total of 129 persons. Numbers were higher in 2019 at 56 homeless households and 137 persons. Of the homeless households in 2019, 0 were unsheltered, but 54 persons were in emergency shelters. The number of individuals in emergency shelter among all homeless populations was 218, which is more than half of the 413 homeless persons counted in 2019. There were 180 total persons in transitional housing. Households without children most frequently utilized emergency shelter over transitional housing.

The Center for the Homeless assists in coordinating homeless individuals and families, including Veterans, to services for adult self-sufficiency, children's support, developmental services, and mental health care. The Center for the Homeless has a Veteran's Annex to assist this population. Life Treatment Centers assists in accommodating homeless Veterans, offering 24 beds.

AIDS Ministries/AIDS Assist has programs for education, which includes awareness and prevention of HIV/AIDS, testing, and the distribution of the PrEP pill to reduce the risk of HIV/AIDS in at-risk individuals. All programs are available to homeless individuals, and AMAA receives funding for housing for homeless individuals or individuals at-risk of homelessness.

Youth Service Bureau provides a variety of housing and outreach programs for area youth that are homeless or at-risk of homeless. These programs include street outreach, a drop-in center for intake, a young mothers' program, and youth development services.

Oaklawn Psychiatric Center provides services for adults and children with mental health needs. Oaklawn conducts outreach for its targeted. All listed agencies participated in the development of Coordinated

Entry for St. Joseph County.

The City, along with service providers Hope Ministries and Center for the Homeless, have conducted a weather amnesty program based on specific timeframe of October 1 to April 1 the last three years. Life Treatment Center has been a provider for weather amnesty but indicated they could no longer do so as of the 2018/19 period. Weather Amnesty provides a warm sleeping site from 8PM to 8AM. The Weather Amnesty ogram also provided a day warming center for afternoons. Other than the few day centers available, the homeless are back on the street.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The Indiana Balance of State CoC's written standards focus on a Housing First Model and follow the best practices of that model. The written standards utilize several strategies to increase the number of people that exit Emergency Shelter, Transitional Housing, and Rapid Re-housing to Permanent Housing destinations. Evaluations of these standards will be based on the length-of-time homeless of an individual or family in Emergency Shelter, Transitional Housing, or Rapid Re-Housing. The CoC will seek to make progress on the turnover rate of individuals and families, the targeting of individuals and families based on risk, and the number of positive exits into Permanent Housing.

A Working Group on Chronic Homelessness released a report in 2017 that analyzed the gaps in care for homeless individuals and families and proposed policies to address the gaps. The report recommended data sharing among homeless service providers, "Community ID Cards" for those utilizing homeless care, an intake center, and the construction of Permanent Supportive Housing.

Also proposed was an intake center, a temporary (weeks) location for those individuals experiencing homelessness as they prepare for placement in permanent supportive housing. The Working Group Report supported this concept, in combination with the development of PSH units, as the stay was discussed as a matter of weeks in anticipation of movement to units. It was also discussed that it could serve as an additional location for Coordinated Entry already under contract for design and development with the Center for the Homeless housing the position.

While there was an unsuccessful process to select a location for a proposed intake center, the focus to pursue additional PSH units continued.

St. Joseph County severely lacks Permanent Supportive Housing. Though there are a number of emergency shelters and transitional homes, these shelters are full because residents cannot be moved

to Permanent Supportive Housing due to a limited supply. Permanent Supportive Housing can be placed throughout the region, provided that supportive services are close by or readily accessible through public transit. Permanent Supportive Housing has faced resistance from the public when it has been proposed for construction in the past.

The City of South Bend has 104 VASH Vouchers which are administered through the Housing Authority of South Bend and the VA Hospital Annex in Mishawaka. Life Treatment Centers has been successful in transitioning Veterans from its shelters through the VASH program at a 75-76% success rate.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The Indiana Balance of State CoC has prioritized Rapid Rehousing in response to the changes in Federal funding. However, given the large number of evictions and foreclosures in the City of South Bend, the CoC would like to expand by creating homelessness prevention programs. Individuals and families that are evicted or foreclosed, face barriers to returning to a secure rental or homeownership state. For this reason, preventing an eviction or foreclosure is more desirable than addressing the need after the person becomes homeless.

Discharge policies at local hospitals are designed to prevent those leaving the hospitals from being referred to the Center for the Homeless. The Center for the Homeless provides emergency shelter and transitional housing for the homeless, along with supportive services. The Regional Planning Council understands that the City and federal funding requires their participation in Coordinated Entry and HMIS but also encourages those providers who do not receive federal dollars to do the same.

Dismas House serves ex-offenders and provides them with housing in St. Joseph County. Dismas House provides food and mentorship for ex-offenders. Dismas House supports its residents in finding permanent housing, but struggles to place residents in decent housing. Most landlords will not rent to ex-offenders and the ex-offenders will only be able to find permanent housing with a slum lord that does not care about their tenants. Space is limited and sex offenders are not allowed to stay in Dismas House.

Youth Service Bureau assists children in the region with transitional housing, emergency shelter, and other related supportive services. The Youth Service Bureau has tracked students that lack stability and who move between multiple schools, which contributes to the academic gaps in the City, leading to future unemployment and homelessness. Children without support systems frequently “couch-surf” and

are difficult to reach with services.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

The FY 2020 Analysis of Impediments to Fair Housing Choice identified the following impediments to fair housing:

- **Impediment 1: Fair Housing Education and Outreach** - There is a need to educate persons about their rights under the Fair Housing Act and to raise community awareness to affirmatively further fair housing choice, especially for low-income residents, minorities, and the disabled population.
- **Impediment 2: Quality Rental Housing vs. Affordability** - St. Joseph County has a limited supply of rental housing that is decent, safe, and affordable and 41.8% of all households are cost overburdened and spend 30% or more of their monthly income on housing.
- **Impediment 3: Lack of Quality Affordable Homeowner Housing** - There is a lack of resources for low- and moderate-income households to purchase a home. Many houses that are available for purchase are in need of substantial rehabilitation work.
- **Impediment 4: Continuing Need for Accessible Housing Units** - As an older built-up environment, there is a lack of accessible housing units in St. Joseph County. 53.2% of the County's housing units were built over 60 years ago and do not have accessibility features, while 13.7% of the County's population is classified as disabled.
- **Impediment 5: Economic Issues Affecting Housing Choice** - There is a lack of economic opportunities in the County which prevents low-income households from increasing their income and choosing to live outside areas of concentrated poverty.

Impediment 6: Impacted Areas of Concentration - There are specific areas throughout the County where the concentration of low-income persons and minorities exceeds 70% of the area's population

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The St. Joseph County Housing Consortium did not identify any negative effects of its public policies that serve as barriers to affordable housing in its most recent Analysis of Impediments to Fair Housing Choice. The City revised and updated its Zoning Ordinance and Land Development and Use Controls. These documents are consistent with the Fair Housing Act, Section 504, and the Americans with Disabilities Act. There are no other public policies that restrict fair housing.

The St. Joseph County Housing Consortium prepared a new Analysis of Impediments to Fair Housing Choice for 2020-2024. The St. Joseph County Housing Consortium is committed to affirmatively

furthering fair housing.

During its FY 2021 CDBG, HOME, and ESG Program Year the St. Joseph County Housing Consortium and the City of South Bend propose to fund activities/projects that affirmatively further fair housing. This includes funding for:

- Assistance with rehabilitation costs for lower income homeowners and renters.
- Affordable second mortgages or mortgage reduction for first-time homebuyers.
- Education and outreach for fair housing choice.
- Funds for neighborhood organizations.
- Housing counseling services.

Project financing and related costs for affordable housing developments.

Discussion

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

The City of South Bend developed the following actions to:

- address obstacles to meeting underserved needs,
- foster and maintain affordable housing,
- reduce lead-based hazards,
- reduce the number of poverty-level families,
- develop institutional structures, and
- enhance coordination between public and private housing and social service agencies.

Actions planned to address obstacles to meeting underserved needs

Despite efforts made by the City of South Bend and social service providers, a number of obstacles to meeting underserved needs remain. With funding resources scarce, lack of resources becomes the greatest obstacle for the City of South Bend to meet its underserved needs. Insufficient funding lessens the ability to fund many worthwhile public service programs, activities, and agencies. Through its planning efforts, the City will use its limited resources to the greatest needs and improve the quality of life for its residents. The following obstacles must be overcome to meet underserved needs:

- Lack of decent, safe, and affordable owner and renter housing.
- High cost of construction and rehabilitation work.
- Aging in place population that requires accessibility improvements.
- Major rehabilitation of the City's aging housing stock needed.
- High eviction rates and foreclosure rates leading to vacant properties.
- Low wages in the service and retail sector job market

Actions planned to foster and maintain affordable housing

To foster and maintain affordable housing, the City of South Bend proposes the following Five-Year Goals and Strategies:

- **HSS-1 Homeownership Assistance** - Promote and assist in developing homeownership opportunities for low- and moderate-income persons & families.
- **HSS-2 Housing Construction** - Promote and assist in the development of new affordable housing, both rental and sales housing.
- **HSS-3 Housing Rehabilitation** - Promote and assist in the preservation of existing owner and renter occupied housing stock in the City of South Bend.
- **HSS-4 Fair Housing** - Affirmatively further fair housing by promoting fair housing choice

throughout the City of South Bend.

- **HSS-5 Lead-Based Paint** - Promote and assist in addressing lead-based paint in owner and renter occupied housing stock in the City of South Bend.
- **HSS-6 Housing Education** - Promote and assist in educating homeowners, tenants, and new homebuyers in best practices for purchase and upkeep, affordable housing rentals, and foreclosure and eviction prevention.
- **HSS-7 Rental Assistance** - Provide funds for tenant based rental assistance to make housing affordable to low- and moderate-income persons and families.

The City of South Bend will continue to work with its Human Rights Commission during this program year to provide education and outreach and conduct activities to affirmatively further fair housing

Actions planned to reduce lead-based paint hazards

The revised Federal lead-based paint regulations published on September 15, 1999 (24 CFR Part 35) have had a significant impact on many activities – rehabilitation, tenant based rental assistance, and property acquisition – supported by the CDBG and HOME programs. The St. Joseph County Housing Consortium and the City of South Bend will comply with Title 24 Part 35: Lead-Based Paint Poisoning Prevention in Certain Residential Structures (Current Rule).

The St. Joseph County Housing Consortium and the City of South Bend will ensure that:

- Applicants for rehabilitation funding receive the required lead-based paint information and understand their responsibilities.
- Staff properly determines whether proposed projects are exempt from some or all lead-based paint requirements.
- The level of federal rehabilitation assistance is properly calculated and the applicable lead-based paint requirements determined.
- Properly qualified personnel perform risk management, paint testing, lead hazard reduction, and clearance services when required.
- Required lead hazard reduction work and protective measures are incorporated into project rehabilitation specifications.
- Risk assessment, paint testing, lead hazard reduction, and clearance work are performed in accordance with the applicable standards established in 24 CFR Part 35.
- Required notices regarding lead-based paint evaluation, presumption, and hazard reduction are provided to occupants and documented.
- Program documents establish the rental property owner's responsibility to perform and document ongoing lead-based paint maintenance activities, when applicable.

Program staff monitor owners for compliance with ongoing lead-based paint maintenance activities,

when applicable.

The St. Joseph County Housing Consortium and the City of South Bend will ensure that:

- Applicants for homeownership assistance receive adequate information about lead-based paint requirements.
- The staff will properly determine whether proposed projects are exempt from some or all lead based paint requirements.
- A proper visual assessment is performed to identify deteriorated paint in the dwelling unit, any common areas servicing the unit, and exterior surfaces of the building or soil.
- Prior to occupancy, properly qualified personnel perform paint stabilization and the dwelling passes a clearance exam in accordance with the standards established in 24 CFR Part 35.
- The home purchaser receives the required lead-based paint pamphlet and notices

Actions planned to reduce the number of poverty-level families

According to the 2013-2017 American Community Survey, approximately 25.4% of South Bend's residents live in poverty. Female-headed households with children are particularly affected by poverty at 39.5%, and 37.3% of all youth under the age of 18 were living in poverty.

The City's anti-poverty strategy is based on attracting a range of businesses and supporting workforce development, including job-training services for low-income residents. In addition, the City's is going to continue to partner with local social service organizations that target low-income residents.

Planned economic development and anti-poverty programs include:

- Job-training services through South Bend Career Pathways.
- Developing small businesses.
- Encouraging entrepreneurship among women and minorities.
- Incubating start-ups that begin at Notre Dame.
- Development of new commercial/industrial facilities.
- Homeless prevention services.
- Promotion of new job opportunities.

Actions planned to develop institutional structure

The City of South Bend works with the following agencies to enhance coordination:

- **City of South Bend – Department of Community Investment** - oversees the CDBG and ESG programs, and the HOME program on behalf of the St. Joseph County Housing Consortium.
- **Housing Authority of South Bend** - oversees the improvements to public housing communities,

Section 8 Housing Choice Voucher Program and the development of scattered site housing.

- **Social Services Agencies** - the City provides funds to address the needs of low- and moderate-income persons.
- **Housing Providers** - the City provides funds to rehabilitate and develop affordable housing for low- and moderate-income families and individuals.
- **Indiana Balance of State CoC Region 2a Planning Council** - oversees the Continuum of Care Network for St. Joseph County.

As part of the CDBG application planning process, local agencies, and organization are invited to submit proposals for CDBG funds for eligible activities. These groups participate in the planning process by attending the public hearings, informational meetings, and completing survey forms.

Actions planned to enhance coordination between public and private housing and social service agencies

Public Institutions: The City will act as a clearinghouse and facilitator for many of the activities described in the annual action plan. As the local unit of government, the City is empowered to apply for and administer certain types of grants. Support from the City, expressed as a certification of consistency or some other instrument, may be all that is required for some activities. Other activities will involve the more direct participation of the City for funding, acquisition of land or buildings, or in convening meetings of various agencies to iron out differences or strategies on how to seize opportunities. The City will continue to administer the CDBG and ESG programs, and the HOME program on behalf of the St. Joseph County Housing Consortium.

The Housing Authority of South Bend administers public housing and Section 8 Rental Assistance Programs in the City. This Authority is responsible for the management and maintenance of public housing units. The Housing Authority will continue in its efforts to modernize these public housing units in order to provide decent, affordable housing in the City.

Non-Profit Organizations: Non-profit housing agencies play a role in the implementation of this plan. Through the construction of new housing, and the rehabilitation of existing units, these agencies access financing sources such as the Low Income Housing Tax Credit, the Federal Home Loan Bank, and charitable contributions that increase the supply of affordable housing. While some groups focus on the rehabilitation of single units for resale to first time homebuyers, others have attempted to create assisted rental developments.

The City of South Bend works closely with its neighborhood organizations and CDCs to undertake housing development and rehabilitation projects in the City. Two (2) of the CDCs are certified CHDOs and receive funding through the St. Joseph County Housing Consortium to develop additional housing in

the City.

Social service agencies are a link between the provision of housing and the population it is intended to serve. The agencies work directly with providers of services to persons with special needs including: mental health, elderly, drug and alcohol addiction and families that are at-risk of becoming homeless. Although these agencies cannot provide housing, they can direct housing efforts where needed and are integral in the planning of housing and services for target populations. The current five (5) emergency shelters will continue to provide shelter for the homeless.

Private Industry: Several lending institutions cooperate with the City and the St. Joseph County Housing Consortium to provide funding for downpayment assistance and second mortgages. Those lending institutions play an important role by providing financial partnerships that would not otherwise be available to low- and moderate-income households.

Discussion

To ensure compliance with applicable requirements, all CDBG, HOME and ESG subrecipients are desktop-monitored multiple times throughout the year. This monitoring occurs with each claim for reimbursement that is submitted to the Department of Community Investment. All subrecipients also receive feedback and/or guidance via email and phone communication, and in-person meetings with DCI staff throughout the year. In addition, Community Investment staff conduct at least eight (8) on-site monitoring visits of sub-grantees every year to review their internal systems. As part of the monitoring visit, DCI staff meet with appropriate members of the sub-grantee staff to review procedures, client files, financial records and other pertinent data. In addition, any new sub-recipient is monitored in its first year of funding.

On-site audits at local agencies receiving CDBG, HOME, and ESG funds are scheduled per the HCD Plan, to ensure compliance. On-site monitoring visits of sub-grantees are conducted approximately every two years to review their internal systems and ensure compliance with applicable requirements. A minimum of eight (8) on-site audits are completed annually. The audits are performed by two DCI staff members that review accounting procedures and program rules. On-site monitoring visits are in addition to the desk audits completed when reviewing subrecipient claims, constant communication on projects via phone and email, and various meetings to discuss program issues. Each claim for payment submitted by a subrecipient requires a progress report relevant to the goals stated in the Scope of Services.

The monitoring process is not a “one-time” event. The process is an on-going system of planning, implementation, communication and following-up.

Emergency Solutions Grant (ESG)

1. Include written standards for providing ESG assistance (may include as attachment)

The Regional Planning Council (RPC) agrees that any client is eligible to receive assistance up to 12 months within a 3-year period as determined by the certification process required for all ESG clients. In December 2014 the RPC agreed to extend the time period for youth to a maximum of 24 months. The RPC anticipates this timeframe to be of assistance, and believes it supports the rapid re-housing emphasis of the program. It is the case manager's responsibility to document client need and ensure that ESG is the most appropriate assistance for the client. Any potential client must go through a detailed intake process in order to determine and document eligibility to participate in the program. Case managers will consistently reevaluate the need for assistance during the 12 month period. All sub-grantees are expected to provide support to clients for the full time necessary to stabilize that client and provide for the likelihood of a positive housing outcome after assistance.

Also approved by the RPC in December 2014 was the option for an agency to tier the rent assistance over the 12-month period. For example, 100% assistance would be provided for the first three (3)

months, 75% for months four (4) through six (6), 50% for months seven (7) through nine (9), and 25% for the remaining three months of the period. This scale may be adjusted for youth that are eligible for 24 months of assistance.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The RPC started implementing coordinated entry in 2017. Agencies agreed to the use of the VI-SPDAT to coordinate with the Balance of State's use of the assessment tool. Specific days/times and locations were agreed upon for outreach. Monthly meetings occur to review and update the list with referrals being made as appropriate.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The City of South Bend has the final decision-making authority on the selection of proposals to be funded. Proposals will be evaluated and preference given to those which address the following:

- Priority is given to agencies that are actively involved in the Regional Planning Council;
- Allow for the use of ESG Program funds so that as many homeless individuals and families as possible will be assisted;
- Demonstrate a commitment to the project in terms of time, effort, resources, etc.;
- Include a realistic, detailed financial package that documents the ability of the applicant entity to match the Emergency Solutions Grant funds and demonstrates the ability to leverage financing from other sources. (Expenditures should be explained);
- Describe the nature and extent of the (documented) unmet homeless need within the applicant's jurisdiction and detailed extent to which the proposed activities address the need;
- Provide the ability of the applicant entity to carry out the proposed activities within the 2019 program year;
- Demonstrate effectiveness in serving the homeless, including the ability to establish, maintain, and/or improve the self-sufficiency of homeless individuals;
- Timeliness of reimbursement requests/draw requests will be considered for currently or previously funded entities; and,

It is a HUD policy that, within the framework of constitutional church-state guidelines, faith-based organizations should be able to compete on an equal footing with other organizations for Federal funding. Accordingly, organizations that are faith-based are eligible, on the same basis as any other organization, to participate in HUD programs and activities, and therefore the City of South Bend's HUD-funded programs and activities

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with

homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The City, along with the Regional Planning Council, has as their combined agenda the development of a long-term plan to include homeless participation on the Continuum. All sub-grantees are required to involve program participants in the operation of their ESG-funded programs. This involvement can be in the form of a program participant's employment or volunteering in program activities such as construction, renovation, maintenance, general operation of facilities, and provision of services. For example, a shelter might involve participation in ongoing maintenance tasks or other operations of the facility such as staffing the reception desk. This involvement can include paid and/or volunteer work. One formerly homeless individual serves on the St. Joseph County Regional Planning Council.

5. Describe performance standards for evaluating ESG.

The City recognizes that performance standards will evolve over the next few years as ESG subgrantees improve their program outcomes through evaluation of HMIS data and through the integration of ESG services into the Continuum of Care. Implementation of the Emergency Solutions Grant will allow the City to gain baseline data about specific performance measures and performance standards.

When developing performance standards, the City will consider which data elements were required to be collected in HMIS for ESG, and additional data elements included in the March 2010 HMIS Data Standards. Discussion to date has included standards of housing stability; maintaining income/employment; access to other resources assistance; and the ability of a client to not fall back into a homeless situation. The CoC will continue to be a consulting partner as the ESG performance standards are finalized.

The list below is from the 2012 Substantial Amendment related to ESG. The City is currently in discussion with the BoS regarding whether these may change so that South Bend's plans, goals, and processes coordinate with and support the broader BoS efforts.

Performance Measures for Homelessness Prevention: A reduction in the number of homeless households involving families with children (a priority need for homeless assistance within the local RPC community)

Expected Outcome: At least 35% of participants assisted will remain in permanent housing six (6) months after the last assistance provided under ESG.

Performance Measure for Homeless Rapid Rehousing: A reduction in the number of homeless households involving families with children, both sheltered and unsheltered (a priority need for homeless assistance within the local RPC community).

Expected Outcome: At least 35% of participants assisted will remain in permanent housing six (6) months after the last assistance provided under ESG.

The City of South Bend was designated a “Participating Jurisdiction” under the HOME Investment Partnership Program by forming the St. Joseph County Housing Consortium. The HOME Consortium consists of the Cities of South Bend and Mishawaka, and unincorporated areas of St. Joseph County.

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2021 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.
