

Department of Public Works: 2018 Fall ReLeaf Program

The official start date of the 2018 Fall ReLeaf program is Monday October 29. City crews will collect leaves from neighborhoods, street by street based on the schedule below; however, if residents have leaves ready to collect prior to the start date, the City will take pickup requests starting October 15. To request a pickup, residents need to call 311. Once the Fall ReLeaf program begins, residents will not need to call to request a pick-up. Leaves need to be free of trash and other debris or they may not be collected.
