

# City of South Bend

February—March 2020

## Hello Neighbor,

Spring is almost here! Our team continues to grow, as we made exciting new appointments in the Mayor's Office and throughout the City Departments. We have been able to hit the ground running and look forward to continuing to serve you throughout 2020.

As winter comes to an end, the City of South Bend Green Corps team continues to offer free home energy assessments, education, and installation of energy interventions. If you would like to learn more about the income qualifications and how South Bend Green Corps can make improvements in your home, please call 574-235-5905 or email us at [sbgreencorps@southbendin.gov](mailto:sbgreencorps@southbendin.gov).

The City's Lead Program wants to work with you to make sure your house is safe from lead risks. Exposure to lead from deteriorating paint can harm the health and development of children, especially in children younger than age 6. If your home was built before lead paint was banned in 1980, you might be at risk. Home repairs from the City's lead grants are available at no cost to you if you meet income requirements. The Lead Grant program is currently accepting applications for up to \$15,000 in repairs. Call 311 and ask about the City's Lead Grants for more information.

The South Bend PD is welcoming Police Officer applications. Come be part of a dedicated team working hard for all South Bend residents. For more information, visit the website at [www.southbendpolice.com](http://www.southbendpolice.com) or call 574-235-9224. We also issue and accept applications in-person at 701 W. Sample, South Bend-Training Division. Join us in our duty to serve our community.

Let's continue to help the Solid Waste team by keeping our trash and recycle bins clear of snow on the scheduled pick up day. City containers must be placed in front of snowbanks and not be blocked by any vehicles. Please do not place City containers behind or on top of snowbanks or up on sidewalks. Be sure to remove your trash and recycling bins from the street to allow for snowplows to clear the way.

As a reminder, you can continue to receive updates on City programs and services by following City of South Bend social media accounts on Facebook, Twitter, Nextdoor, and Instagram. And don't forget that calling 311 is your easy connection for all your City service needs.

Sincerely,

A handwritten signature in cursive script that reads "James".

Mayor Mueller

## Clerk's Corner

Greetings!

\*Did you know that people who text and drive are 23 times more likely to crash than those who don't? According to [Indiana.gov](http://Indiana.gov) there are more crashes related to texting and driving than it is for drinking and driving.

The City of South Bend is working to combat this and keep residents safe with the current version of the South Bend Municipal Code.

The Municipal Code is a set of ordinances and laws that are put in place and enforced by the city of South Bend. Chapter 20, Article 13 of the South Bend Municipal Code prohibits the use of certain hand-held communication devices only in school zones. Using a hand-held communication device in a school zone, as well as speeding in school zones where the speed limit is 25 miles per hour, can both result in fines up to \$250 (*SBMC 13: §20-133*).

Additionally, traffic in both directions is required to stop when students are entering or exiting a school bus. Please help ensure the safety of our students by taking extra precautions in designated school zone areas for the safety of our students.

Throughout 2020, we look forward to continuing to work hard for the interests of all South Bend residents.

Best,

A handwritten signature in cursive script that reads "Dawn M. Jones".

Dawn M. Jones  
City Clerk
