

FAQs

WHAT IMPROVEMENTS CAN I MAKE WITH THIS PROGRAM?

The program reimburses property owners for only replacement of concrete curbs, sidewalks and ADA ramps in the public right-of-way. Any costs for tree removal, irrigation equipment damaged during construction or resodding required is not included in the reimbursement from the City.

WHICH CONTRACTOR SHOULD I USE?

The City cannot recommend contractors for project work; however, contractors need to be bonded with the City's Department of Public Works. To check whether a contractor is licensed and bonded or to request a list, contact the City's Engineering Office at 574.235.9251.

CAN I STILL APPLY IF I'VE HAD WORK DONE OR STARTED ON MY CURB AND SIDEWALK?

Any work completed before the application is approved will not qualify for the reimbursement program.
